**Dear partners,**

The Kremenchuk branch of the Poltava Chamber of Commerce and Industry has the honor to provide you with some information on the State Enterprise Ukrainian Scientific Railway Car Building Research Institute (DP "UkrNDIV").

The Institute is a research organization dealing with the problems of the whole complex of railway rolling stock. Today this enterprise has a developed experimental base, scientific and technical potential and is open to cooperation. The Institute's activities cover many types of products: freight cars of all types; wagons for industry; passenger locomotives, locomotive traction wagons, diesel-train wagons, urban transport wagons; electric trains and rail buses; elements of rail and tram ways construction; work on the extension of the service life of freight and passenger rolling stock, which has served its intended service life; work on expert evaluation of projects, etc.

The availability within the DP "UkrNDIV" of a certification body and a test center of car building products allows our customers to save time and money for a comprehensive solution of the issues of projects examination, production and certification of products and services.

Representing this enterprise, the Kremenchuk branch of the Poltava Chamber of Commerce and Industry is interested in developing business cooperation and expanding contacts with potential partners of the countries of the European Union.

We will be glad to comment on the information about this enterprise and discuss concrete proposals for cooperation.

Address for contact: (0536) 74-20-37, 74-20-71, (097) 8078303, and by e-mail: [office@krcci.pl.ua](mailto:office@krcci.pl.ua).

**Yours faithfully,**

**Director**

**Viktor Hynkut**
